

# NTC OBE Project

- Project Goal: To produce an outcome-based curriculum that fulfills the institutional mission and meets or exceeds the requirements of the church, accrediting bodies and the South African government

# Project Planning & Evaluation

- **Context**  
Provides an outline for organizing Input, Process and Product statements
- **Input**  
design-criteria for the project grouped by context
- **Process**  
steps carried out to test the input statements
- **Product**  
observable characteristics of the “finished” project that must fulfill the input statements

# NTC Context

- General Church: World Mission, Africa Region, Local Districts, Office of Ministry
- NTC: Mission, Curriculum, Faculty, Budget, Time
- Learner: Time, Skills, Learning Styles, Motivation
- Residential/Extension: Campus infrastructure, Faculty skills, Student skills, Resources, Connectivity, Vendors
- Other: CNCU, government
