

2007 Pioneer VBS Fund

The 2007 VBS Pioneer Fund recognizes the tremendous potential that exists to minister holistically among children and at-risk youth in impoverished and marginalized communities and in new church plants. Young people are internally torn in the midst of competing interests. Compassionate ministry centers and local churches can conduct Vacation Bible School (VBS) summer programs so that relationships can be biblically and evangelistically grounded. A product scholarship will be given to the ministry specifically to acquire VBS resources from WordAction Publishing Company.

Guidelines for Qualification

- The program must be designed for a cultural minority, economically deprived, or new church plant ministry.
- This offer is only for ministries that have not previously conducted a Vacation Bible School in the past three years
- The scholarship will be based on church need and is only applicable for a WordAction VBS product order of up to \$350.
- This application must be approved at a district (above local church board) level, where applicable.
- An activities report must be submitted to the VBS editorial staff three months after the completion of the VBS program (contact information below).
- All applications must be sent in and processed by Children's Ministries prior to a VBS order placement with WordAction. Reimbursements on previous orders will *not* be given under any circumstances.
- **All Applications must be postmarked or faxed by May 11, 2007.**

All eligible applicants are encouraged to apply for the VBS Pioneer Fund Scholarship by submitting the 2007 VBS Pioneer Scholarship Application with the accompanying order form.

All correspondence, including applications, order forms, and follow-up reports must be sent to:
