

# DISCIPLING

## the Disciplers of Children

---

### KIDS REACHING KIDS

2020 MISSION OFFERING PROJECT

---

God called Moses to do an important job—lead the children of Israel through the wilderness into the Promised Land. But God also came alongside Moses by providing him with personal instruction and the resources he needed. Because Moses was disciplined by God, he was able to carry on God’s mission and disciple others.

As with God’s discipling of Moses, the proper discipling of children’s leaders and workers is essential to the fulfillment of God’s mission for all children, everywhere. By providing the right resources and training for ministry leaders, we are helping them lead children lost in a wilderness of hopelessness to the promised land of a life-changing relationship with Jesus. Will you help?

You can help by joining us in giving to this year’s global KRK offering. Through your giving, KRK will provide the disciplers of children with the needed resources to fulfill God’s mission in their church and communities.
